

UNSW Art & Design

Art Theory (Honours) 4516

Art Theory (Honours) is a one-year program intended for high achieving students who have completed an undergraduate degree in art history, art theory, visual culture or equivalent, either from UNSW Sydney or another university.

	1 Year Honours		
	T1	T2	T3
Thesis (3)			
Develop deep knowledge and advanced analytical skills by researching and writing a substantial thesis on a topic of your choice.			
Research Skills (1)		*	
Specialised training in the key discourses and methods relevant to contemporary art will help you to undertake sustained independent research.			
Professional Experience (1)		*	
Leverage our extensive industry networks and gain real world experience through the option to engage with one of the longest running and professional experience programs in the country. You may choose to undertake the professional experience course in place of one research skills course (marked *).			
The program enables students to expand and deepen their knowledge and understanding of art theory and to develop highly sought after analytical, problem solving and research skills through undertaking a significant independent research thesis.			

Careers

Graduates of the Bachelor of Art Theory and Art Theory (Honours) programs are equipped with critical thinking, research, and communication skills that are applicable and transferable to a wide range of careers in the creative and cultural industries including:

- Arts and cultural management, policy making and administration
- Art and design criticism, communications and journalism
- Galleries, libraries, archives, museums
- Creative direction, planning and production
- Curatorship, festival, event and museum management
- Cultural and creative research and scholarship
- Media industries, publishing and distribution
- Public programming and engagement
- Entrepreneurship, strategy, creative consultancy and start-ups

The Art Theory (Honours) program also provides a launching pad to further study in a Masters by Coursework, Masters by Research, or Doctor of Philosophy (PhD) program.
